A provisional levy is charged by the Club at the beginning of every financial year. If the credit amount so accumulated is not used within the 12 (twelve) month period, such an amount will be forfeited by the Member to the Club unless the Member has utilised all the Unit Rights allocated to him that year, in which event the credit amount may be accumulated for another period of 1 (one) year. This amount is held in the member's levy available account until the member wishes to make a booking. When a booking is made the resort levy per week or the applicable percentage in Mid Week and Weekend is charged against this account. Should there be a shortfall the member will have to make up the difference and should there be a surplus 75% of this can be carried forward to the following year.
